Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Google Meet / WhatsApp	All Team Members	Discuss daily tasks, assign responsibilities, and review progress
2	Progress Update	Weekly	Google Meet / Microsoft Teams	Team Members & Project Guide	Present completed work, receive feedback, and plan the next week's activities
3	Issue / Bug Discussion	As Needed	WhatsApp / GitHub / In-person	Development Team	Resolve coding issues, machine learning errors, and integration problems
4	Stakeholder Review	Bi-Weekly	Presentation / Google Meet	Team Members, Project Guide, Faculty	Demonstrate project progress, collect suggestions, and validate requirements
5	Final Demo Rehearsal	Once	Classroom / Google Meet	Entire Team	Practice the final presentation, verify system functionality, and improve confidence
6	Documentation Review	Weekly	Google Docs / Microsoft Word	Team Members	Review project report, documentation, and ensure all required sections are completed

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty coordinating meeting times due to different class schedules	Fixed a common meeting time in the evening and shared updates through WhatsApp
2	Machine learning model produced inconsistent prediction accuracy	Improved data preprocessing, feature selection, and retrained the model with cleaned data
3	Confusion during report writing and task allocation	Assigned specific responsibilities to each team member and reviewed progress during weekly meetings
